25 YEARS OR MORE FOR NINE

## Firemen Recall 79 Active Years

Cameron's Volunteer Fire Department is 79 years old this year. Modern firetrucks have replaced that first bucket brigade of long ago but volunteers still answer the call as they did in 1890.

The nation is observing Fire Prevention Week and Friday, October 10, has been proclaimed "Cameron Volunteer Fire Department Day" by Mayor E. A. Fernin. There are 37 names on the Department roster with places for five more. Nine of these men have served continuously as volunteer firemen for 25 years or longer.

Fire Marshal John Andres said, "We used to have a waiting list of men who wanted to belong to the volunteer firemen, and we always had a full roll of 42, but nowadays not too many men seem to be interested."

The firemen summons volunteers to meet each Monday evening. Carl Black is fire chief and Andres also serves as secretary, a post he has held since 1947.

Fire fighting equipment now includes three trucks, two with 500 gpm (gallon per minute) pumping capacity, and the newest which is a 750 gpm pumper. A fourth truck, vintage 1957, is kept in back of the station.

Cameron's first organized fire protection began when a group of citizens met on May 13, 1890, and formed the Cameron Volunteer Fire Department.

According to a history of the Department compiled by John Eanes, R. C. Wright was named president of those first volunteers, with E. B. Muse, vice president and C. P. Dodge secretary-treasurer.

Other charter members were M. F. Meagher, S. P. McCord, E. S. Lay, C. P. Wright, C. D. Lay, L. Kaiser, W. D. Karasek, R. S. Poykin, J. K. Freeman, P. O. Adams, F. C. Thompson, Sam Streetman, Anton Losovsky, August Horstmann, C. C. Caldwell, B. C. Coffman, S. S. Helley, and R. D. Brown.

The first fire station in Cameron was built in 1905 at the same location as the present station and City Hall.

About this time hoses replaced buckets since the young city now had water mains. However low pressure made firefighting still a chancey business.

### FIRST FIRE VEHICLE

Firemen pulled a two-wheel cart with a supply of 2 1/2 inch hose wrapped around a reel. Firemen were "latched" to a tongue on the cart and pulled, while three men ran behind. One guided the cart, one pulled hose when they reached the fire, and the third carried the plug wrench to turn on the water.

In later years the firemen used these carts for racing teams, participating in "reed races."

Wesley Stevens became the first paid driver in 1914 when the city bought a horse drawn fire wagon and two horses, named "Tom and Jerry." Trained to the sound of the fire bell, the horses would move under their harness which hung above the wagon, and the driver would hitch up, and off they'd go. Other firemen ran on foot or rode horses to the fire.

Maia Thomas, fire chief from 1912 until 1941, saw the department go from horses to motors. Cameron's first motorized fire truck was a 1915 American LaFrance chain-driven, solid fire 500 gpm pumper.

That first pumper was replaced with two bigger LaFrance pumpers, a 1935 model and a 1937 model, which is kept at the back of the fire station today.

"The Cameron Fire Department has answered every call day or night, without pay, and sometimes without thanks, for three quarters of a century," the history states proudly.

### UNION LEADERS

Eight chiefs have headed the Cameron Volunteers: H. Kaiser, Frank Porter, Arthur Baskin, Monta Thomas, John Eanes, W. G. Henderson, Ralph Michalka, and Carl Black.

Fire marshals have included Frank Porter, Ed Adams, Bill Cook, George Richards, Joe Richter, Chester Hoffman, Eanes, W. G. Henderson, Ralph Michalka, and Carl Black.

Fire wagon and truck drivers have included W. S. White, Wesley Stevens, Will Caldwell (wagon), and truck drivers August Horstmann, Joe Matula, Frank Richter Sr. (who drove for 42 years without accident), Larry Byrd (killed in 1966 answering a call), Warren McCall, and the present driver, Claude Burgess.

## LONE STAR GAS ASKS CITY FOR RATE INCREASE

Lone Star Gas this week asked the city of Cameron to increase local residential and commercial natural gas rates.

Approval of the company's application would increase the average monthly residential gas bill by about \$1.60 per month, according to E. L. Edwards, local Lone Star Gas manager.

The application for rate increase, the first major request since 1953 based on an income deficiency in the Cameron Distribution system, listed increased cost of gas, higher property and equipment costs, increased wages and salaries, higher interest rates on borrowed money and increased taxes as primary reasons for the deficiency.

The company indicated that it had used every means available to avoid a request for rate increase, but inflationary pressures not under the company's control necessitated the application.

"Obviously our wish to keep gas rates low must be balanced with the economic pressures we face," Edwards said. "These pressures can no longer be offset in any other way."

Lone Star Gas serves approximately 2000 customers in Cameron.

## Studies Gas Rate City Plans Paving

First Area Strike ...

## Oil Flows Near Milano

The Milano area of Milam County gained a new wildcat discovery last week-end, reported to be a flowing well, and the first strike for that section of the county.

The new find is the Byron Rose No. 1 Ray Woods. Location is on a 160 acre lease in B. F. Swoap Survey about three and one-half miles east of Milano.

Rose, a Houston independent operator, scheduled the Woods wildcat in mid-August, but apparently encountered red delays in drilling the test, since it was brought in only last Saturday. It was scheduled as a Glen Rose - Eligo try, and permitted to 3,500 feet.

Storage tanks have been moved in to the lease for the Ray Woods, but potential test, if it has been run, has not yet been reported. The new well climaxes more than twenty years of drilling by several companies and independent operators in the Milano area. As far back as 1949, D. H. Byrd, a Dallas operator, drilled a deep Glen Rose wildcat, his No. 1 W. A. Smith, located about one-half mile north-east of the new Rose No. 1 Ray Woods. Byrd abandoned the No. 1 Smith at 5,564 feet, but re-entered the hole in 1964 and drilled it to 6,490 feet before abandoning it in April, 1964.

More recently the Alps No. 1 Ray Woods was drilled as a shallow wildcat about ten years ago. And in 1957 the No. 1 Scurlock.

was drilled by a Houston operator, Herman Page, in the same survey. It was a dry hole. And in March of this year Clark Oil & Refining Company of Dallas scheduled a 3,000 foot wildcat, their No. A - 1 T. Jordan, on a 101 acre lease in B. F. Swoap Survey. No report has been made whether this test has been drilled.

## NOON LIONS BULB SALE

Light bulb salesmen will be calling at Cameron homes on Tuesday, October 14 in the Noon Lions Club annual drive for scholarship funds.

Proceeds of the light bulb sale are used for the Lions Scholarship Fund that helps deserving local students attend college or technical school after high school. Members of Noon Lions will sell the bulbs from 5 until 8 p.m. to Cameron residents, according to William Watkins, chairman of the sale.

## 'Folk Fete' Leaders Outline '70 Event

"Central Texas Folk Fete" is the designation for Cameron's cultural festival June 12 and 13, 1970 according to Mrs. Perry Holder, organizer of the "Fete" committee meeting Thursday in Cameron Library.

Mrs. Holder, past president of Friends of the Library, and Miss Mildred Thornton invited representatives responsible for folk dances and other features of the June, 1970 project.

Reports were heard from folk dance committee chairmen, including: Mrs. Frank Mikulec, Mrs. Tony Peronne, Mark Toxery, Mrs. Carrie Milligan, Charles Kutz and Miss Mary Barcenas.

A pilgrimage of five Cameron historic homes was announced, including: residences of Miss Clara Thomas, Miss Lois Randolph, Mr. and Mrs. D. R. Dodson, Dr. and Mrs. W. R. Newton and Mr. and Mrs. John B. Henderson, Sr.

An art exhibit at Cameron Public Library is under the direction of Mrs. Lester Williams and a garden party, featuring cotton-dressed hostesses, is scheduled at residence grounds of Mr. and Mrs. Billard S. Thomas.

Ticket sales are under the direction of Mrs. Robert Clark while

parade arrangements are being handled by Monroe Fuchs and Forrest Sapp.

Musical groups scheduled to appear thus far are the Vrad Polka band and James Mueck's "Spine Culture."

The folk dance groups will feature representative dances by groups up to 16 dancers each in Czech, Italian, Western, German, Latin-American and modern.

The group discussed arrangements for staging the fete groups and the possibility of crowds at the Cameron Library and Cameron Park areas along US 77 (E. Fourth St.) in Cameron.

The group is scheduled to meet again for further plans and organization, Mrs. Holder said.

## FANNIN TO BE MARKED THREE LANES

Cameron street paving, new traffic regulations, and a request for a gas rate increase are top items claiming City officials' attention this week.

Councilmen agreed Tuesday night in a busy two-hour session to put several streets on an assessment at program basis with the paving work, probably to be done by the City Street Department.

New traffic lanes will be marked on North Fannin Street for crossing Highway 77-36 and a request was heard for marking one-way streets around Cameron Junior High School.

Councilmen also heard a request from Lone Star Gas Company for an increase in residential and commercial natural gas rates in Cameron.

Detailed plans for the street paving program are still to be worked out but Councilmen agreed to include the following streets in the assessment program:

North Austin, Crockett from 4th to 12th, 12th from Jackson to Washington, Washington from 18th to 22nd, North Jackson from 18th to 22nd, 18th from Fannin to Washington, and Harding from 12th to 22nd.

Council had earlier approved a request by Cameron Chamber of Commerce to mark traffic lanes on North Fannin Street for crossing Highway 77-36, 36th Street, and J. B. Road and the lanes will probably be marked this week-end.

Under the new regulations, three lanes will be marked off on Fannin. Vehicles turning right on to the highway or crossing it will use the right hand lane. Drivers who want to turn left on to the highway will use the center lane. (See sketch on this page.)

At the request of Don Wiggins, principal of Cameron Junior High School, Orchard Street between West 6th and 7th Streets and West 7th between Orchard and Emancipation Streets will be designated one-way between 7:30 a.m. and 4:30 p.m.

The rate hike requested by Lone Star Gas Company produced a lively discussion among Councilmen. General feeling is that the rate increase figure is too high.

If adopted, the rate asked by the gas company would mean an increase of 24.75 percent over present rates.

While the five Council members agreed that Lone Star Gas Company had good reasons for asking for the rate hike, they (the Council) will not approve the amount asked.

Some Council members said they are planning to attend Temple's City Council meeting and public hearing on October 16, when a similar gas rate increase will be discussed.

No action was taken on the request Tuesday night. E. L. Edwards, local Lone Star Gas Co. manager, will meet with the Council at its October 21 session, along with other company officials, to answer questions and discuss the rate hike increase.

## Library To Extend Opening Hours On Tuesday, Thursday

Cameron Public Library board Tuesday night extended Tuesday and Thursday opening hours to 7:30 p.m. and employed a library assistant.

Monty Humble, YHS senior, will assist librarian Miss Louise Jamison those evenings. Mrs. Tom Wardlaw assists on Saturdays.

Board members authorized renewal of magazine subscriptions and discussed additional book purchases in the 1969-70 year. Dr. George Bowman, board president, said.

Board members also discussed need to begin foundation repairs on the building, under study for the past six months.

Board treasurer Stewart Perkins distributed financial statements showing library funds as of Sept. 30 at about \$3,520.

Board members are: Bowman, president; Rev. Wirt Skinner, vice president; Mrs. L. W. Stroup, secretary; Perkins, treasurer; Miss Maurine House, Don G. Humble and Frank Luecke, members; Miss Jamison and Mrs. Jack Tomlinson, Library Friends president, ex-officio members.

It may be a first for modern Cameron football when the Yoemen travel to Elkhart in East Texas for a Saturday night grid game.

Cameron has played regional contests on Saturday night, but seldom, if ever in recent memory has played a regular game on the weekend. Distance and promise of a good game as well as scheduling a good team this weekend are the reasons.

High school football years ago, before lighted stadiums, was played on Saturday afternoons, like most college games.

Put now, for the serious football fan, one can attend his home high school game Friday night, drive 59 to 90 miles from Cameron Saturday afternoon and see Bayloc, UofT or A&M U play, drive another 60 miles and see SMU, TCU or Houston that night in Dallas, Houston or Fort Worth, stay over, in Dallas at least, and see the Cowboys Sunday afternoon.

It's almost that way on television. One recent Sunday, there were two pro games in the afternoon and on prime time that evening a third pro game.

Fireman John Eanes was kidding Fire Chief (Sheriff) Carl Black this week in casting off the Chief's glasses before he and John Andres went to Bell County to judge a "Miss Flame" beauty contest, won by a Rogers entry.

Cameron is looking at the possibility of a major attraction in the "Folk Fete" being planned for June, 1970.

Committee members meeting last week here to discuss the possibilities were enthusiastic for the variety of events which "Fete" leaders plan.

Planning will continue for some time before the broad outline is complete. But the first effort in 1970 should enable Cameron to build an annual attraction of considerable proportions.

## Yoemen To Play Elkhart Saturday

The Cameron Yoemen, still minus one starter and possibly two, will travel to Elkhart, a One-A club, for Elkhart's Homecoming 8 p.m. Saturday.

Elkhart is 12 miles south of Palestine in East Texas. Fans can reach the 2,000-population town by taking US 79 north at Milano and turning off south of Palestine.

It is a make-up game. Coach Hal Stanislaw told The Herald, to fill in a vacancy left when Cameron's schedule was changed last year.

It is the first time Cameron has played the team, officials indicated.

Offensive lineman Dale Schigt is still out of the lineup and A. J. Hurtik is an uncertain starter with an ankle sprain.

End Martin Mueck returned to the lineup in time to play at Connally last Friday night while James Mueck may play some Saturday night.

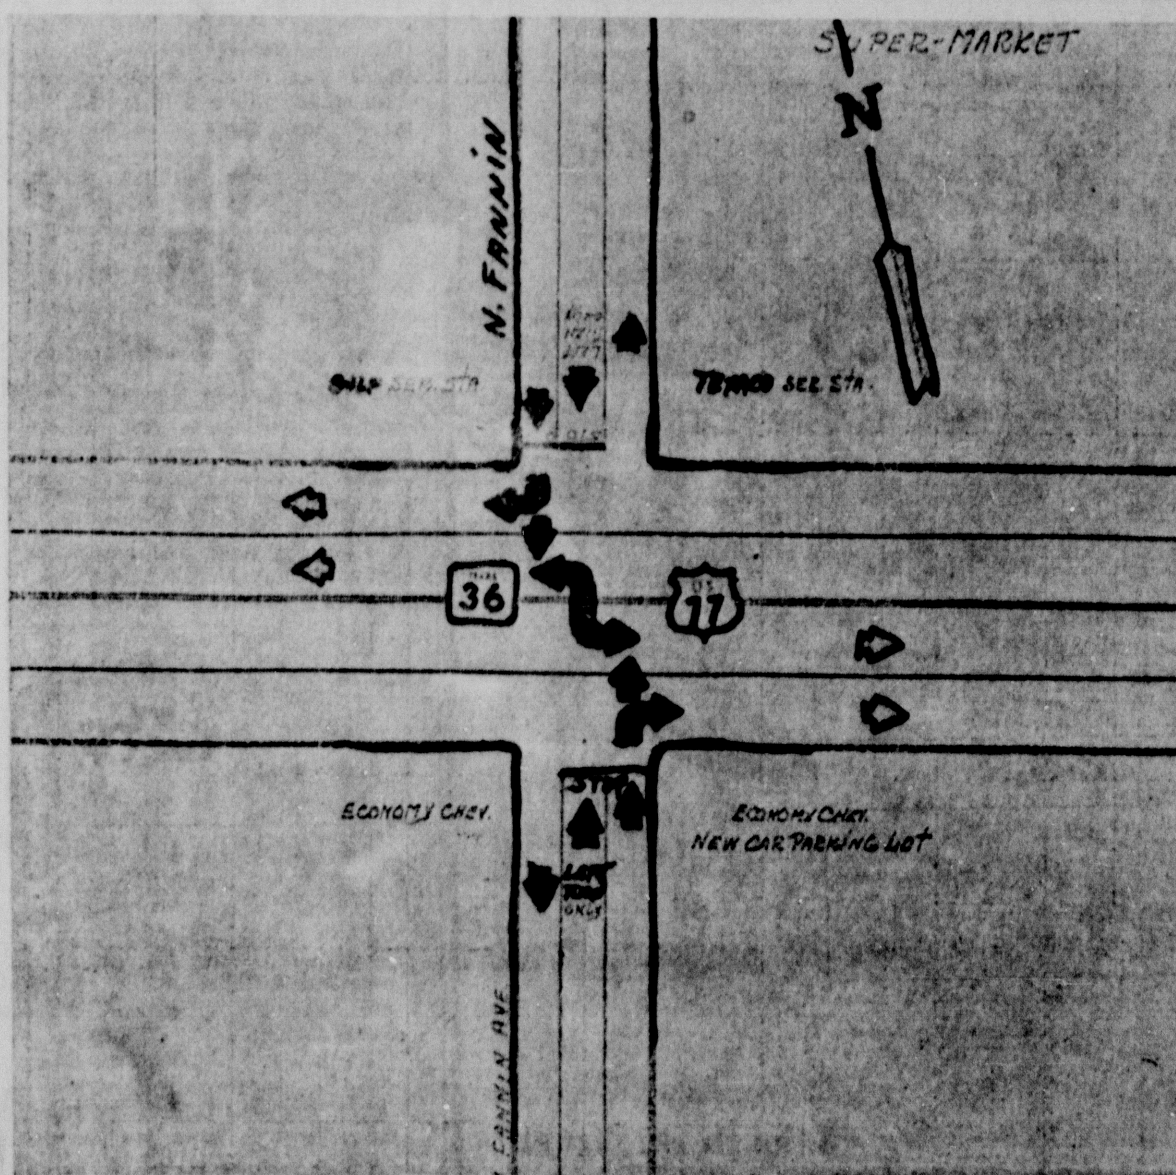

Stanislaw said Elkhart has a good quarterback and fullback, but has limited data on team personnel.

Cameron, now 3-1, will probably start: Jerry Richardson at LE, Ron Richardson at LT, Hurtik or David Fritz up from the junior varsity, at LG, Bailey at C, Martine Mueck or Mayer at RG, Sam Knight or James Mueck at RT, Whitley at BE, Brashear at QB, Thomas at HB, Laury at WB and Steamer at FB.

The defensive lineup would be the same as in preceding games, Stanislaw said. Bailey and M. Mueck at ends, Mayer and Knight at tackles, R. Richardson and Hurtik at guards, Trubee and Whitley at linebackers, Laury and McLerran at halfbacks and J. Richardson at safety.

Cameron's physical condition following the Connally game is good. Stanislaw said several boys had missed a day of school or a workout, but that he expected all but Schigt and possibly Hurtik to make the trip.

The Cadets lost to the Yoemen last Friday, 20-6.

New Pattern For Fannin - Highway Crossing

# Eagles Squeeze By Panthers 14-13

The Rogers Eagles nearly broke their all-time record for this season and the Rosebud Panthers nearly broke their all-time record in a 14-13 thriller Friday night.

The Panthers put up a gallant battle until the end before bleachers overflowing with about 2500 fans.

It was the fourth win for the Eagles this year and the 17th consecutive victory on their home field.

Eugene Brenek led Rogers offense. He carried 16 times for 29 yards and made both Eagle touchdowns.

Dan Mayfield kicked the extra

points each time, and the second kick was the one that made the difference for the Eagles.

Luther Alexander totaled 85 yards for the Panthers and Jackie Turner added 65.

Rogers led 7-0 at the end of the first quarter but Rosebud evened up the tally with a touchdown late in the second. The Panthers scored on a pass from Raymon Purnie to Alexander. Tim Kirksey kicked the extra point and halftime score was tied, 7-7.

The same combination put 6 more points on the scoreboard for the Panthers in the third quarter, but Kirksey's kick was no good.

The Eagles went over the top with Brenek's run and Mayfield's kick in the third quarter. Field goal attempts by both teams in the last period failed and Rogers won, 14-13.

## Junior Yoemen Playing More Games This Year

More junior high football is being played this year under a new program aimed at giving all team members some real game experience.

Under the coaching of Max Morgan and Roger Williams, the junior Yoemen in seventh and eighth grade are ranked into two teams for each grade. All teams play as scheduling is available.

High school coach Morgan said 25 boys are on the junior high A and B 8th grade teams. Coach Williams has 25 boys on two 7th grade teams.

Three games are scheduled at Taylor on Thursday (today) starting at 6 p.m. The 8th grade A and B teams and 7th grade A will take on the junior Ducks.

Sample scores for the 8 A team show promise for boys who may join the freshman Yoemen next year. The team defeated Rockdale 28-0 in their first game and downed Rosebud 38-14 in the second. They lost to Gatesville 14-12 last week.

Coach Morgan said the team rosters also include five managers who add "a lot to the team's efforts."

# Yoe Defense Stops Connally

The Cameron Yoemen were "bad news" for Waco's Connally Cadets Friday night. The Cadets were downed on their home field in a 20-6 upset.

The Yoemen are now 3-1 and travel to Ekhar on Saturday.

Cameron started scoring late in the first half when Yoemen got the ball on the Cadet 39 yard line. Four plays later Emanuel Thomas caught a toss from quarterback Robert Brashear and scored the first touchdown for Yoe.

Mike Darlek booted the extra point.

With just 2:15 left in the half the Cadets scored on a 46 yard pass from quarterback David Chrisman to Joe Hardwick. The conversion try was no good and

the score was 7-6 with only 2:02 left in the first half.

The Yoemen scored again before halftime on another pass from Brashear. Three penalties against the Cadets had made them kick from their own 25. Yoe got the ball on the Cadet 44 and moved it to the 26 with three running plays by Thomas.

Darlek was ready for Brashear's toss. He kicked the extra point and Cameron led 14-6 at the end of the first half.

Johnny Steamer added Cameron's third score on a drive from the one yard line. The try for points after failed.

Neither team scored in the fourth quarter.

Yoe defense kept Chrisman from

getting off any good throws during the last period.

Sparking the Yoe defense were Norman Trube, Ronnie Richardson, Sam Knight, Edward Whitely, A. J. Hurtik, and Darlek.

Offensive standouts were James Laury, Ken McLerran, and Thomas.

## Rattlers Bite Dogs, Cattle At Salem

Residents of the Salem community can be in a state of shock. It is the "Year of the Rattler."

Mrs. J. H. Hubak reports the loss of two dogs that did this year after being bitten by rattlers. One dog died in June and another this week, she said. Henry Hubak said three of his cattle suffered snakebites this year.

## FIREMEN

Continued from page one

note the one in 1920 when the cotton compress burned, and another in 1925 when the whole town was threatened by a fire starting at the cotton oil mill. A tragic 1929 fire at a service station took the lives of two men and burned two others seriously.

Perhaps the most spectacular fire was the one in 1902, when 200 men helped fight flames that burned the J. S. Healey home and spread to the J. M. Healey warehouses.

The Cameron Fire Department still takes part in races, using a pumper instead of a wagon, and has won first prizes in many state and district races. The Department is a charter member of the Central Texas District Firemen's Association.

## T'Dale Bulldogs Tie Bartlett, 6 - 6

The Thornale Bulldogs and Bartlett Bulldogs played to a 6-6 tie in their first District 24-A game Friday night.

A last second touchdown by Bartlett was called back on a clipping penalty after halfback Wayne Powell had run 68 yards for the score.

Bartlett scored the first TD when fullback Sam Davis ran around the left end. The PAT was no good and Bartlett led, 6-0.

Thornale's Mike Tucker scored in the final quarter to tie the game 6-6.

## Readers Triple... Listeners Served...

Cameron Public Library has doubled its book count since moving to new quarters in May, 1966, and tripled monthly book circulation.

Board members learned this good news in a monthly meeting Monday night.

Among services available at Cameron Public Library is rental of records of various artists, popular and classical.

The long-play records are checked out just like books are, for a certain length of time. It is an extra just as some libraries or art galleries lease paintings for a certain time.

Libraries, indeed, are changing.

Book circulation needs to improve in Cameron Public Library, officials advise, but much improvement is noted. Book checkout in September, this year, was almost precisely three times more

than the same month in 1966, five months after the new building opened. Book count is more than twice the number.

It is becoming more difficult to find time for reading, often considered a luxury for busy Milam Countians. But the books are there for research in high school and college; and a wide selection of magazines offer material for almost any age or taste.

Cameron indeed is fortunate in having a modern library which provides regular book and magazine selections, record library and a center for cultural groups.

Cameron Public Library is a cultural center worthy of good upkeep and support by readers and, now, listeners of all ages.

## What Others Say...

### The Electoral College...

In '72 we could waken, one fine autumn day

Not knowing who's president of this U.S.A.

Such fog-ridden fettle, a tempest beyond kettle

Severely testing the whole country's mettle

Could be, unless Congress finds imperative, moral

To revise or excise our College, Electoral

Let the collegians be reformed or rendered emeritus

Let the sad system politically disinheret us

By selecting a president through minority vote

Or hitting the ball into Congress' wide moat

So how to avoid this hex and this vex?

We've too many solutions, condign but

complex, Such as, one electoral vote for each district,

Plus two for each state. Is this atavistic

Or a "states' rights" necessity? Others are turning

To proportional plans. Still others, these spurning,

Say: If the chief represents every man-Jack and Jill

Use direct popular vote for the national will

But the main need is: action on this addendum!

It takes years to pass a constitutional amendment.

And if Congress falls into its slow-motion streak

'72 will be here and the roof will still leak!

**They're glad they modernized with Electric Heating**  
*Let them tell you why*

WACO Mr. & Mrs. Jim H. Woods' average monthly electric bill for their total-electric home is \$26.05. Mr. & Mrs. Woods say: "We found electric heat to be the easiest to install in our home as well as being the most economical in cost. We feel we have really modernized our home."

Homeowners throughout TP&L territory have many reasons for switching to clean, quiet electric heating. When an old-fashioned system wears out or becomes troublesome, few people want to replace it with more of the same. Instead, they turn to the cleanest, quietest, most efficient and comfortable system available — electricity. Electric home heating systems can offer you warm floors, a snug, draft-free home, a constant temperature level throughout the house or individual room temperature controls! And it's surprisingly low in cost.

Let TP&L's Heating Specialist show you how easy it is to modernize your existing home with electric heating regardless of its age, style or size... and help you determine the best of

several systems available for your home. Just give us a call or mail the coupon below.

# State Insurance Board Adopts Higher Auto Rates

By Vern Sanford

AUSTIN Higher automobile insurance rates were adopted by the State Board of Insurance, but they are not as high as had been originally predicted.

Statewide, the increase in rates on Nov. 1 will be 9.9 per cent. Insurance Board's staff earlier had recommended an 11.4 per cent increase.

This smaller increase was accomplished by accepting the recommendation of Gov. Preston Smith's study committee that the percentage allowed insurance companies for acquisition costs be cut from 25 to 22.5 per cent of the premium.

Another recommendation of the study committee headed by former Gov. Price Daniel was that the Board should include investment income of insurance companies in setting the rates.

Board Chairman Ned Price said the Board would give careful consideration to inclusion of investment income from unearned premium and loss reserves as "profit and contingencies." He added that "we may have further comment on this at a later date."

However, Price also warned that it may not have as much effect on the price of insurance as had been thought. He said "The Board has consistently recognized and considered in its regulatory acts that the companies have other income than that from underwriting."

Price also said that the Board will begin, "as time and circumstances permit," a detailed study of automobile rate-making formulae. He said the study of the present formula used in setting rates would be made during the coming year. The formula, he said, "will be reviewed with the objective of determining if rates can be made more precisely by another formulae."

## DEMOCRATS

State Democratic Executive Committee has nominated Mrs. Carrin Patman of Ganado to serve as the National Democratic Committeewoman from Texas. She is the wife of Sen. William N. Patman and replaces Mrs. Lloyd Bentsen of Houston, who resigned the position. Mrs. Patman is the daughter-in-law of U. S. Rep. Wright Patman and the daughter of the late Sen. Fred Mauritz of Ganado. She still has to be approved by the National Committee.

At the meeting, State Chairman Elmer Baum told committee members that Democrats have to overcome their biggest handicap — taking success for granted. He is organizing a futures committee to act as an advisory group to chart new approaches "for a brighter future."

French Robertson of Abilene, executive committee finance chairman, told members that he is dropping the "card carrying" Democrat scheme to raise money. The party had been selling gold Democratic Party membership cards for \$100 and other cards for \$1, but Robertson said it wasn't raising enough money to continue the program.

## BILLS

Governor Smith has sent Sen. Mike McKool's voter registration bill to the Secretary of State without his signature, thereby allowing it to become law. It requires that all citizens registering to vote in person must fill out a written application containing the same

information as the registration certificate in order to get a certificate.

Governor vetoed a bill that would have allowed legislators to have office space in their home county courthouses. He said office rental could be provided from legislators' expense allowance.

He also vetoed bills providing for insurance protection (through private, non-profit corporations) on bank deposits above \$15,000.

Smith said he is in accord with idea of giving full protection for

bank deposits but feels that the matter should have careful study before implementing legislation becomes law.

## COURTS SPEAK

Supreme Court handed down a roomful of cases after its summer recess. It declined rehearings in three major cases decided last July, reaffirming that:

—Sundaco Inc. of Tarrant and other counties will not get an advisory court opinion on whether its arrangement for evading Sunday

Dear editor:

I don't usually have anything to say about sports, it's too serious a field for me. I stick with Congress, farming, international affairs, metropolitan incompetence and things like that, but like a good many million other people I've been watching professional football on television and near the end of a game the other Sunday a sudden thought hit me.

The score was 17 to 21, the home team had the ball and the 17 points and needed a touchdown to win. A field goal wouldn't do it, but there were only 31 seconds left and the team had no timeouts left.

The quarterback was passing successfully and the receivers stepping out of bounds to stop the clock, the fans were all standing up and cheering and the announcer was straining his voice, but it was just too far to the goal line, and time ran out. A few more plays and they might have made it.

Now here's a situation the owners and players of professional football are overlooking, when you remember it's a cash deal all the way around for everybody on both sides.

Why couldn't the team that's behind with 30 seconds to go stop the clock and offer the other team

closing law is legal.

—Until the Sarnia Kenedy East will contest is concluded, Alice National Bank will remain as executor of the \$300 million estate.

Juvenile delinquency proceedings do not require proof of guilt beyond reasonable doubt.

Travis County district court assessed a \$2,800 penalty against Orange real estate development concerns for polluting the Savine River. Penalty was first recovered under the Water Quality Act. Firms are now constructing waste disposal plant to avoid future pollution.

Supreme Court refused to order Limestone County court to dismiss bank robbery charges against a man there.

## FIRST CANDIDATE

Hawthorne Phillips, former district judge at Brownsville and now executive assistant to Attorney General Crawford Martin, has announced his candidacy for the Texas Supreme Court.

He says he will run for the seat being vacated by Associate Justice Robert W. Hamilton of El Paso, who recently announced that he will not run again, after 11 years

## OLD PHILOSOPHER

say \$50,000 for two more minutes of playing time? It'd be an offer hard to turn down, what with the players all having families and such.

Where'd they get the money? Where's the fan who wouldn't give a dollar to see his team get one more chance to win? Just pass the hat and out of 75,000 people in the stadium, 50,000 would kick in immediately with a dollar apiece, some even more.

If the team then got the drive going again but needed a few more times-out to conserve the extra 2 minutes, why couldn't it buy a few at say \$5,000 apiece? I understand a team is allowed 3 times-out in each half, but how many games have you seen when a few more in the closing seconds might make the difference between winning and losing? Professional football could increase its income thousands of dollars a season just by selling additional times-out at \$5,000 a throw, not to mention the larger amounts from selling extra time near the end of a cliff-hanger.

Come to think of it, why couldn't a baseball team buy an extra inning when it's behind 3 to 2 in the ninth? Say, this thing has unlimited financial possibilities.

Yours faithfully,  
J.A.

on the bench.

## CRIME

Judge Joe Frazier Brown of San Antonio, executive director of the Governor's Criminal Justice Council, has urged industry to take a technological hand in fighting "the ever-rising threat of crime."

He said, "In spite of the fact that our society has developed systems that take us to the moon, our approach to the Crime Control Act was still too much the old hunker in the head night-stick philosophy, or the ignore the problem and it will go away philosophy. This has got to change."

TO AWAKEN SMALL TOWNS Governor Smith announced a "Texas Communities Tomorrow" program to revitalize the small towns in Texas.

Aim is to provide a central source through which small towns can get information on governmental and available to them and to help find technical and financial know-how for improvement programs.

Most "hometowns" are "becoming crowded cities" or "are decaying into nothingness," complained the governor.

# Gov. Smith Endorses Plan For Industrial Development In Texas

AUSTIN — Gov. Preston Smith has announced his total commitment to a detailed plan for industrial development in Texas, and called for support of all Texas citizens to carry it out.

Gov. Smith told Texas industrial leaders that the state has what it takes to attract new industry from throughout the nation for both large and small areas, but must have goals and direction. "We have the foresight," Smith said. "We have the knowledge. We have the drive. All that we require is a soundly based plan of action to meet the challenge of the seventies."

"We cannot afford to leave to chance the expansion of industry in Texas. We must seize the initiative and pursue new industry aggressively," the governor said.

The Texas Industrial Commission reported that although industrial growth has been spectacular across the state in recent years, it still falls far short of what could be accomplished through an intensified program of action.

Gov. Smith called all industrial development leaders and chambers of commerce to join him in creating "A Comprehensive Plan for Texas Industrial Development" to bring about this needed program.

"The Texas Industrial Commission has recommended to me that the state be divided into 21 regions and each region be studied by qualified professional consultants in terms of industrial development potential in the seventies," Gov. Smith explained.

He said the consultants will work with local leaders and the Industrial Commission in creating a practical, 10-year plan for attracting industrial expansion in Texas communities.

"Although we anticipate that these studies will require at least a year, the final product of our effort will be a series of reports—more extensive in their identification of potential and specific methods of attracting industrial growth than any ever accomplished in the United States."

Gov. Smith said he will appoint a Governor's Task Force of citizens from throughout the state to implement action programs based on the report recommendations. The Task Force will report directly to the Governor and the people of Texas, he added.

"In the final analysis, the results of our studies will merely be a stack of reports," he said. "And we all know reports frequently gather dust on some lonely shelf. It will take people to create this plan."

"It will take people to make it work. And it will take the concerted effort of citizens at every level, of leaders in business and industry, and the Texas Industrial Commission."

# Proclamation

PROCLAMATION

WHEREAS, The purpose of CLEANER AIR WEEK is to promote a united educational program for cleaner air and to help build a better and stronger America; and

WHEREAS, Our Nation's greatest asset is the welfare and health of its people; and

WHEREAS, Air pollution of all forms including smoke, is a menace to the health, comfort and economy of thousands of our fellow citizens - men, women and children - since air pollution must be considered in much the same light as the pollution of our streams and lakes; and

WHEREAS, Preventable air pollution in any form is a public hazard that can be corrected through intelligent action involving engineering, equipment, research and education; and

WHEREAS, Our highly industrialized economy requires the consumption of large quantities of fuels, our City cannot afford to waste these fuels through inefficient combustion and firing methods; and

WHEREAS, The week beginning October 19, 1969 has been designated as CLEANER AIR WEEK throughout the nation in order that citizens may be reminded of the costly damage of destructible smoke, soot, fly-ash, noxious fumes and other air pollutants, and the ways and means of abating this nuisance; and

WHEREAS, For these reasons the abatement of air pollution in all its various forms is of utmost concern to every American citizen;

Now, THEREFORE, I E. A. Perrin Mayor of the City of Cameron, do proclaim the week of October 19 to October 25, inclusive, as CLEANER AIR WEEK in Cameron.

IN WITNESS WHEREOF I have hereunto set my hand and have caused the seal of the City of Cameron to be affixed this 9th day of October, nineteen hundred sixty-nine.

## Scapegoat For High Meat Prices Not On Farm, Poage Tells House

"When the housewife goes to look for a scapegoat for the high price of retail meat let me suggest that she look somewhere other than on the farm or ranch."

This observation was made by Chairman Bob Poage of the House Committee on Agriculture in remarks on the House Floor last week.

Current beef prices at the retail market level should be 18 percent below what they were 18 years ago if based on what cattle were received for their livestock then and now, Poage said.

Poage said cattle are selling at lower prices than they were a few months ago, even though the production costs have continued to go up. He cited the observation of livestock centers made recently by members of the Agri-

culture Committee.

"The retail price of meat in the nation as a whole, figuring a combined average of all cuts," Poage continued, "rose from 90 cents a pound in January to a July high of \$1.01 and there has been little decline since that time. The Department's estimate for September is 99.4 cents, a decline of approximately 2 percent."

Poage said that livestock growers are receiving about the same price for choice steers in the first week in October that they had received on the first of January, and about 18 percent less than they received in June.

"In short, as far as the producers' price for his cattle is concerned," Poage said, "there is no justification whatever for any higher retail prices than existed a year ago."

And if measured by the price of cattle, beef should today actually retail for about 18 percent less than it did 18 years ago, inasmuch as the cowman is today taking approximately 6 1/2 percent per pound less for his live animals than he received in 1951."

Unfortunately, the retail price of food items always very quickly reflects and generally greatly magnifies any upward movement of farm prices," Poage said, "while any downward movement of retail prices always lags far behind a drop in the farmers' prices, and very seldom, if ever, reflects the entire drop which has occurred in the farm products."

## ASCS

By Alva E. Sanders

All soil and water conservation measures being installed by farmers under the 1969 Agricultural Conservation Program (ACP) must be substantially completed by the end of the year.

Farmers are urged to complete their conservation work as soon as possible. Sometimes a farmer will plan to get the work done in November or December, and then bad weather holds him up. First thing you know it's New Year's Day, and the ACP work isn't finished, and the ASC Committee can't approve the Federal share of the costs.

Farmers are reminded that whenever a request for cost shares under the ACP is approved, the Milam County ASC Committee sets a completion date for the practice. If a farmer is unable to report the conservation practice completed by the date set, he should request a time extension and explain why it is needed.

The ASC County Committee can not extend the time allowed for completion beyond December 31 for requests approved under the 1969 ACP.

Under the ACP, the Federal government shares with farmers and ranchers the cost of conservation practices needed in the public interest. Farmer requests for cost sharing are administered by the ASC County Committee.

## You Don't Say

ACCLIMATE

if you are pronouncing it AK le mate!

ACCLIMATE is correctly pronounced uh KLY mit and means to adapt or become adapted to a foreign climate or new environment.

It is also better to use the form ACCLIMATION (uh KLY muh TA tion) than ACCLIMATE in order to avoid possible confusion with ACCLAMATION.

ACCLAMATION, pronounced the same but spelled differently, means applause, approval or welcome!

## County Agent's Notes ....

## Worn Out Acres Can Be Revived

By J. D. Moore

A high percentage of the crop land of Milam county has been depleted by erosion, leaching, and continuous cropping. This depletion has become so serious that most producers have been forced to use commercial fertilizer.

A well-managed cropping system and a well-planned soil maintenance program can bring these worn-out acres back into normal production. Intelligent use of fertilizer, lime and soil maintaining crops is the most practical way of setting this job done.

A good starting point in any soil maintenance program is to take inventory of the existing level of plant nutrients in the soil. Often production is hampered by a shortage of a single plant nutrient, but generally there is a shortage of two or more.

Wide differences in fertility levels can occur between fields or within a field. Soil tests provide the best method of establishing the nutrient level for a field and aid in estimating the fertilizer requirements for a particular crop.

Each crop has a different nutrient requirement and recovery rate for the fertilizer applied during the season. Unused portions of nitrogen, phosphorous, and potassium will carry over in the soil and be partially recovered by later crops, except in the sandy

soils where nitrogen and potassium may be lost by leaching.

When using chemical fertilizers, the plant foods should be balanced properly. As a rule, nitrogen sets the level of production and phosphorous and potassium operate to that level. The application of the wrong amount of a single plant nutrient will affect yield. Excessive amounts of a single element will often unduly accentuate the shortage of another element and result in no yield increase, or in extreme cases a reduced yield.

Other factors such as stand density, water supply, crop variety, insects and diseases greatly affect crop response to fertilizers. Water most often is the limiting factor in crop production in Milam county.

Crops that are well supplied with plant food utilize available moisture much better than plants which are less well fed. One reason is that well fertilized plants develop more extensive root system and can gather moisture from a larger volume of soil; however, for maximum yields a plentiful supply of moisture must be available.

Soil testing information and forms are available at the county agents office. An investment of two dollars for a soil test is money well spent.

In addition to soil testing information, valuable publications such as MP-737 Nitrogen and Crop Production; MP-860 Phosphorous and Crop Production; Fact Sheet L-743 Crop Fertilization on Texas Blackland and Grand Prairie Soils; and L-720 Fertilization of Crops and Alluvial Soils in Texas, are available also at the county agents office.

## 4-H CLUB ACTIVITIES

By Fred Schmetze  
Ricky Richter and David Ehler, both of the St. Anthony 4-H Club, represented their club and county at the Heart O' Texas Fair Sept. 30 - Oct. 5. David and Ricky each showed two Duroc Barrows bred by local registered Duroc breeder Henry Richter.

In Class 58, barrows weighing 206 to 240 lbs., Ricky had the first place Duroc barrow and David Ehler had second place. In Class 57, barrows weighing 180 - 235 lbs., Ricky had the fifth place barrow and David, seventh place.

The heavy weight barrow owned by Ricky was chosen Champion Duroc barrow of the show, then went on to be picked as the Reserve Grand Champion barrow of the entire Junior Pig Show.

Daniel Richardson, Larry, Dennis, and Jerry Mueck, Robert, Peter and Rebecca Riala, Dorothy and Barbara Winder, Rosemary and David Ehler, Ricky Richter, Barbara Folzer and Virginia Jinkins, all of the St. Anthony 4-H Club, spent Wednesday October 1 at the Heart O' Texas Fair. They toured the exhibits and looked on and gave support as David and Ricky showed in the Junior Pig Show.

The 4-H'ers were accompanied to the Fair by Mrs. Frankie Ehler, Mr. and Mrs. Raymond Richter, Mr. and Mrs. Henry Richter, Mrs. William Winkler, Joe Mueck, and Dennis Tomasick.

## MINERVA 4-H CLUB

The Minerva 4-H Club held its organizational meeting on September 23 in the Minerva Community Center.

Viola Lamere and Rufus Lamere were elected to be the Minerva 4-H Club Mr. and Miss 4-H contestants. The club decided to raise

money through bake sales, Hobo day, and jars in stores. A committee consisting of Robin and Tina Hoskins, Mark Mortimer, Walter Dean, Douglas Brown, Connie Cone, Viola and Rufus Lamere, will meet September 27, at the home of Connie Cone at 4 p.m., to work out details of these events.

The club voted to appoint members to plan a program on any subject for each meeting and make the parents responsible for helping. The parents will then be the parents of the month for the Minerva 4-H Club.

There were 17 4-H'ers, three adult leaders and the CHDA and Ass't CAA present. The adult leaders were Mrs. Lloyd Lamere, Mrs. Conway Cone, and Mrs. Harvey Dean.

## 4-H COUNCIL MEETING

Eleven 4-H council members, three adult leaders, Assoc. CAA, Ass't CHDA, CHDA, and the Ass't CAA met in the Civic Room of the Rockdale State Bank September 27, for the regular bi-monthly meeting of the Milam county 4-H Council.

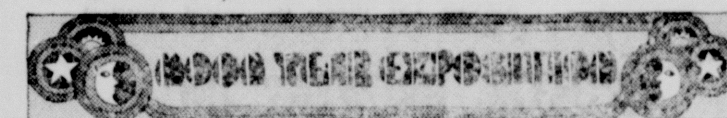

The standing rules of the Milam County 4-H Council were discussed and a committee was appointed by the council chairman to study these rules and make suggestions for changes. The committee will meet November 1, 9 a.m. in the Civic Room of the First National Bank in Cameron.

Mrs. Loyd Stephens, chairman of the Milam County Adult Leaders Association, Lloyd Lamere, vice chairman of the adult leaders association, and Mrs. Hugo Hollas were elected to serve as advisors to the council.

The council voted to fine each club \$5 that does not participate in the Mr. and Miss 4-H contest.

# Frank Hrachovy Weds Miss Virginia Wilde

Miss Virginia Marie Wilde and Frank Louis Hrachovy exchanged wedding vows Saturday afternoon at the Church of the Visitation in Westphalia.

The nuptial Mass and double ring vows were said by Father Bernard Snook. Mrs. Alfred T. Voltin, organist, furnished traditional wedding music.

Parents of the couple are Mr. and Mrs. Gilbert Wilde of Temple and Mr. and Mrs. Charles Hrachovy, Sr. of Buckholts.

The bride, given in marriage by her father, wore an original designed gown fashioned of white peau de soie featuring a portrait neckline, Swiss embroidered roses encrusted the bodice and sprinkled the A-line silhouette. Tiny covered buttons closed the gown back and the sleeves which tapered to a point at the wrists. The cathedral length train fell in folds from a Dior Bow at the high-rise back waist. The rose applique motif was repeated on the train. Her tiered veil of illusion fell from a head-dress of pearlized orange blossoms. She carried a bridal bouquet of pink sweetheart roses surrounded by clusters of white carnations. The only jewelry worn was a diamond pendant, a

gift of the bridegroom.

Miss Beatrice Wilde was her sister's maid of honor. Mrs. Gilbert Vitok of Austin, was matron of honor and Miss Doris Hrachovy of Ganado, was bridesmaid. Their floor-length gowns were fashioned of American beauty watered silk tulle in a banded Empire design. Dior bows fashioned their head - pieces and their crescent bouquets were of white carnations.

William Hrachovy of Austin was his brother's bestman. Groomsmen were Gilbert Vitok of Austin and Daniel Wilde, brother of the bride. Candelighters and Mass servers were Samuel Wilde and Marcus Wilde of Cyclone, James Kahlig and Steven Voltin of Westphalia. Ushers were Robert Odraus of Point Comfort and Robert Block of San Angelo.

Mrs. William Hrachovy of Austin and Miss Connie Havlak of San Angelo registered the guests.

A reception and supper was held in the Parish Hall after the ceremony. Members of the house party were Mrs. Cecil Wilde of Houston, Mrs. Eugene West of San Angelo, Miss Celeste Wilde and Miss Mari, an Doskocil of Cyclone, and Miss Dorothy Hrachovy and Miss Dolores Hrachovy of Ganado.

Following a wedding trip to New Mexico and Colorado, the couple will make their home in Austin.

The groom is employed at E&I Printing Co., Austin. He is a 1966 graduate of Yoe High School. The bride, a 1968 graduate of Rosebud High School, has been employed at L.R. McAtee Chevrolet Co.

Parents of the bridegroom were hosts Friday night for the rehearsal dinner at the home of the groom. The couple exchanged gifts and presented gifts to their attendants.

TEA HONORING MISS ADAMS AT METHODIST HALL

Miss Karen Adams daughter of Mr. and Mrs. Edwin W. Adams, was honored at a tea from 3 to 5 Saturday afternoon in the Methodist Fellowship Hall.

Miss Adams and Mr. Firchard Lee Kammer of Baytown will be married Saturday, October 11, at the First Presbyterian Church, Cameron.

Receiving guests were the hostesses, Mrs. Aubrey Hightower, Mrs. F. E. Jackson, Mrs. Hugh Smith and Mrs. Bea Foster; the honoree, Mrs. Edwin Adams, mother of the bride-elect; and Mrs. Coffee, puc ad foted calnash W. J. Adams of Temple, the bride-elect's grandmother.

A white Madeira cloth covered the serving table and silver candelabra holding white tapers and white carnation nosegays with gold streamers centered the table. Appointments were of silver.

Coffee, punch and frosted cake squares were served by Mrs. Bernay Dusek and Mrs. Richard Doehring. Lyn and Della Laywell also served in the houseparty.

A bride doll centered the guest registry where Mrs. James Hoskins assisted. Tables for four placed throughout the reception room were draped in white linen and centered with golden floating candles in crystal bowls, and ivy.

Refreshments will be served by the Rebeckah Circle.

DOWNTOWN CAMERON

**GIRL SCOUT TRAVELER** — Kathryn Kahler packs her warmest coat for the National Girl Scout Council in Seattle, Washington. She and three other Central Texas Senior Scouts will represent the Texas Colorado Lakes Council as delegates to the convention October 18-23.

## Seattle Destination For Cameron Girl Scout

If you've set your sights on Senior Girl Scouts, keep a suit case handy.

Kathryn Kahler, who has already traveled many a Texas mile with Girl Scouts, will log another 3,000 this month when she attends the 38th convention of the Girl Scout National Council in Seattle, Washington, October 18-23.

She is the daughter of Mr. and Mrs. James Kahler and a member of the Cameron Neighborhood Senior Girl Scout troop.

Kathryn, a junior at Yoe High, will represent the Lone Star Council along with two other Central Texas Girl Scouts. She will also be a panel member for a discussion "What we want for Girl Scouting Today and Tomorrow," and will share ideas from this council on "Action '70," a Girl Scout program to overcome prejudice and cement understanding among people.

Opportunities for growth are a big part of the cadette and senior Girl Scout program. For Kathryn and sister scouts this has included trips to Austin for the Texas Youth Conference and Senior Girl Scout Conference. As cadettes the local troop members were hosts to a group of Girl Guides from Canada and explored Galveston on a weekend outing together. Last month it was a weekend flight to Brownsville and an interview for possible Girl Scout international travel.

The Seattle conference will be an insight into the Democratic process for young delegates from 33 counties. Daily sessions are similar to a national political convention with voting and recognition of delegates. Between sessions waterfront and city tours are planned and a boat trip to an island off Seattle for a Tillamook Indian Village Salmon Bake.

The opportunity for travel is open to all Senior Girl Scouts. Application dates for state, national and international meetings are announced in the Scout publications and delegates are selected on the basis of personal interviews.

Kathryn has been in Girl Scouts for 8 years. She is also an art craft and cooking enthusiast. For several years she has provided a Christmas service locally offering holiday shopping, cooking and gift wrapping. She also taught an art craft class for youngsters this summer.

She is editor of the Yoe High School annual, treasurer of the Methodist Youth Fellowship and a member of American Heritage, Junior Historian, Future Teachers and Spanish Club.

Spanish Style Is First Choice For Bedroom Furniture

Spanish - Mediterranean style furniture still is the top selling style but sales in modern and contemporary styles are increasing the fastest.

Bonny Lay, Extension housing and home furnishings specialist, reports on a semi-annual survey conducted by the home furnishings trade newspaper, Home Furnishings Daily.

According to rooms, Spanish rules in the bedroom, dining room and family room. It was listed second behind traditional for the living room.

Green, whether solid or the dominating color in a print, is the favorite color for both traditional and modern furnishings. Gold was second with black - brown - beige neutrals, yellows and blues showing a definite increase in popularity, Miss Lay says.

In woods, walnut dominates the modern, contemporary and Scandinavian styles; whereas pecan is for Spanish - Mediterranean styles. Maple continues to be favored for French and Italian; and mahogany for 18th century styles.

DOORS OF YOE

By Jane Callaway

Monday was Frontier Day at Yoe High. Everyone was dressed up and it was lots of fun. Hope you saw Miss Smith, Miss Hanson and Mrs. Miller—they were quite a sight—a Frontier sight. And, John Ben, those pictures on the fire escape. Carolyn will never be the same. I can't wait to see the picture of Mrs. McDermott looking out to see what was happening. Melanie, in a tree? That will be a good one. Frontier Day was sponsored by the Student Council and it was a big success. Start thinking of something real soon.

Thursday night the band went to Brenham to march for the Bina - Tyler game. Georgena, where was your band? And, Mahalia, what about your flute? Best of luck to your "reembarres" next time. Do you second this, Mr. Carney?

We have a new club at school—FFA—Future Teachers of America. The officers are Ann Arthur, Carolyn Perkins, Dilla Laywell, Barbara Marburger, John Ben Satter. Mrs. Todd is the sponsor of the new club. Junior Historian Club officers are Renee Cummings, Carolyn Mitchell, Harry Perrin, and Brenda Watkins. This club is sponsored by Miss Smith.

Hope you were at the game Friday night. The Yoemen are bringing home the victories!! They are really GREAT!! Think about going to Elkhart next Saturday night—after all, the Band, the Pep Squad and OUR TEAM will be on their way—so caravan along with us. Renee, we are glad you're still alive after that horrible insect bite Friday night. A Black Widow? A Yellow Jacket!!

Congratulations to one of our exes—Patricia Stroup was named editor of the Christian College Annual. We are proud of you!! I know you are glad you learned so much from Mrs. Burke.

Jane B, it was absolutely great to see you this weekend. Sorry for the reason that brought you home. It's not long 'til Christmas! Bill and Dale, we all hope you will soon be well and back at school. I'm sure we don't hope it half as much as you do.

Saturday some of the FHA members went to the State Fair in Dallas. I hear you had fun—I should have pulled myself out of bed that morning.

The following is from a newspaper clipping that a friend let me read. I pass it on to you for your consideration.

# A Closer Walk With God Will Lead You Right Straight to Church

## transforming POWER

How important is this transformer to the electrician! It contains an induction coil for raising or lowering electric pressure. It does not generate power but is master over the current that passes through it. God is that way too. He is master over all. He holds the key to the door and directs the cloud that brings the rain. His love is revealed in the beauty of the rose and his concern for us shown in saving us from the storm. He is Lord, and God, and Master of all. He has the power to control our lives... our wealth... our health. As the transformer is necessary to the distribution of electricity so is His church necessary to the transforming of lives in the community... in the world.

"Oh, Come, Let Us Sing Unto The Lord,"—For There Is No Variableness In God's Cause Nor In His Justice . . . Then Come, Let Us Attend Our Church Or Synagogue This Week . . . This Word Of Invitation From Sponsors Of This Spiritual Values Page.

## TO SETTLE ESTATE

### Approximately 38 acre farm

In Buckholts - Corinth area. - One of the very few places on the market. The land is fenced and cross-fenced, has a large tank with a good pump. A four year old hollow tile house with vinyl floors, aluminum screens, and automatic vented wall heaters. A new butane tank. Adjoining the house is an old log cabin with fireplace-barns, corral and pens. This farm could be made into a real showplace. Very picturesque. Good dove hunting, and the tank is loaded with fish. (Pulled out a four pound bass last week).
